

# CAPABILITY STATEMENT

MJM Heavy Equipment Repairs was established in 2010, with a primary focus on delivering specialised services to the mining sector.

With over fourteen years of experience in both mining and civil industries, our company stands out as a leading supplier of contract labour, along with maintenance and repair solutions for heavy equipment throughout Australia.

Our skilled labour force, most with OEM training or experience, can provide a responsive, specialised service with the needs of the customer at the forefront of all we do.

We're able to quickly mobilise to support with short or long-term assignments across Australia, delivering high quality contract labour services at an industry competitive rate.

With MJM Heavy Equipment Repairs, you can enjoy the peace of mind that comes with our commitment to our organisational philosophy;

We offer a wealth of experience and expertise

We strive to provide swift, responsive solutions to the earthmoving industry

We are dedicated to sourcing high-performing industry tradespeople

We are committed to continuous improvement

### A Skilled and Knowledgeable Workforce

Our team possesses a diverse mechanical knowledge and can deliver the following services;

- ✔ Contract Labour
- ✔ Equipment Rebuilds and Upgrades
- ✔ Fault Diagnosis and Repairs
- ✔ Scheduled Servicing and Urgent Breakdown Support
- ✔ Machine Overhauls
- ✔ Site-Specific Fit Outs
- ✔ New Machine Assembly
- ✔ Component Repairs and Rebuilds

### Round-the-Clock Solutions

Complementing their experience and skills our flexible team are willing to work on a variety of rosters delivering round-the-clock service to meet workforce requirements, and are supported by a fleet of modern mine spec vehicles fitted with the latest equipment.

### A Trusted Industry Leader

MJM Heavy Equipment Repairs are proud to be an industry leader and strive to uphold our positive reputation in all that we do. With MJM on site you can be sure that services will be delivered efficiently, professionally, safely and with minimal equipment downtime.

### Dedication to Sustainable Practices

We're committed to the safety of staff, contractors and visitors and deliver comprehensive risk assessments, fatigue management practices and OHS in all that we do. Our team possesses qualifications including Working Safely at Heights, EWP, forklift licenses, White Cards and more.

MJM Heavy Equipment Repairs offers continuous contract labor services tailored to mining and civil sites, specialising in delivering dependable solutions to remote areas.

**Dedication to Sustainable Practices**

MJM recognises that environmental management is a shared responsibility, and we're dedicated to working closely with our team, contractors and customers to ensure we meet legislative requirements and minimise our impact where possible.

**Inclusion & Diversity**

At MJM, we are deeply committed to fostering inclusion and diversity, creating an environment where everyone feels empowered to be their authentic selves without fear of judgement.

We prioritise safety, inclusivity, and support, ensuring that every team member can bring their whole selves to work.

Our ethos revolves around valuing and harnessing people's strengths, and we adamantly reject any form of discrimination, bullying, harassment, or victimisation.
